Some of the most common jobs car makers use wires for include lighting shows, turn signals, hazard lights, seats, mirrors, horn, k... published:29 May 2016 views:12182 A wiring diagram (or schematics) is an essential part of any good electrical engineer's toolkit. Fascinating, helpful and fun to draw, a good wiring diagram will get your colleagues excited: "Hey, look, I've got a set of proper wiring diagrams!" Here's one of the first diagrams we put together in an aerospace project once the work was done. The mechanics of the machine are impressed, and we are aced with job praise. It's hard to choose projects for this video, because so many of the skills are transferrable to so many different fields. The point is to be proud of yourself and include the diagrams in your applications. published:31 Oct 2014 views:22110 To really understand how cars work, it's first necessary to have a working knowledge of electrical systems. In this electrician's eye view of the car we're going to explore, we look at everything from wiring diagrams to electrical circuits. We even use a soldering iron, so work at your own risk! I used to own a performance cat, but i sold it, in part, due to poor reliability. It would do the same thing with the re.. Will getting a vacuum into a transmission fuse the trans in the machine? Good Morning, Will having a vacuum in a line going into a tranny, like an oil line, cause the tranny to lock up? I will be getting a carb, starter motor, fan motor, tstat, vacuum line, as well as inlet and outlet

lines, as well as a new fuel filter. I am also getting the new thermostat that came on my 08 R-8 that had the broken thermostat on it, as well as a bypass valve. I will also be get.. From the former owner, a new windshield washer fluid line was sold with the car. It is a 2" line. Do you know what size line this is, how long it is and how it attaches to the trunk so it doesn't get cut and completely ruin the car? It was cut off the former owner, had them put a plug in where it was, so i see why you're confused, but here it is again. Thanks! FYI, The engine is a 2004 2.0L EATX from GMC. I just recently bought a 07 318 C/K HHR Trans, with A/C, for \$3500 and a new Intercooler. It needs a dash light installed and will have a mechanical fuel pump added, as well as new inverter, new gas cap and a new cup, soon. I need to find a way to get the lines in so
